ABOUTUS

Kypas Solar isn't just an installer, we are developers providing end-to-end energy blueprints for residential, commercial, and industrial clients.

VISION

Affordable rooftop Solar for all – it's not just a Dream, it's our Blueprint

MISSION

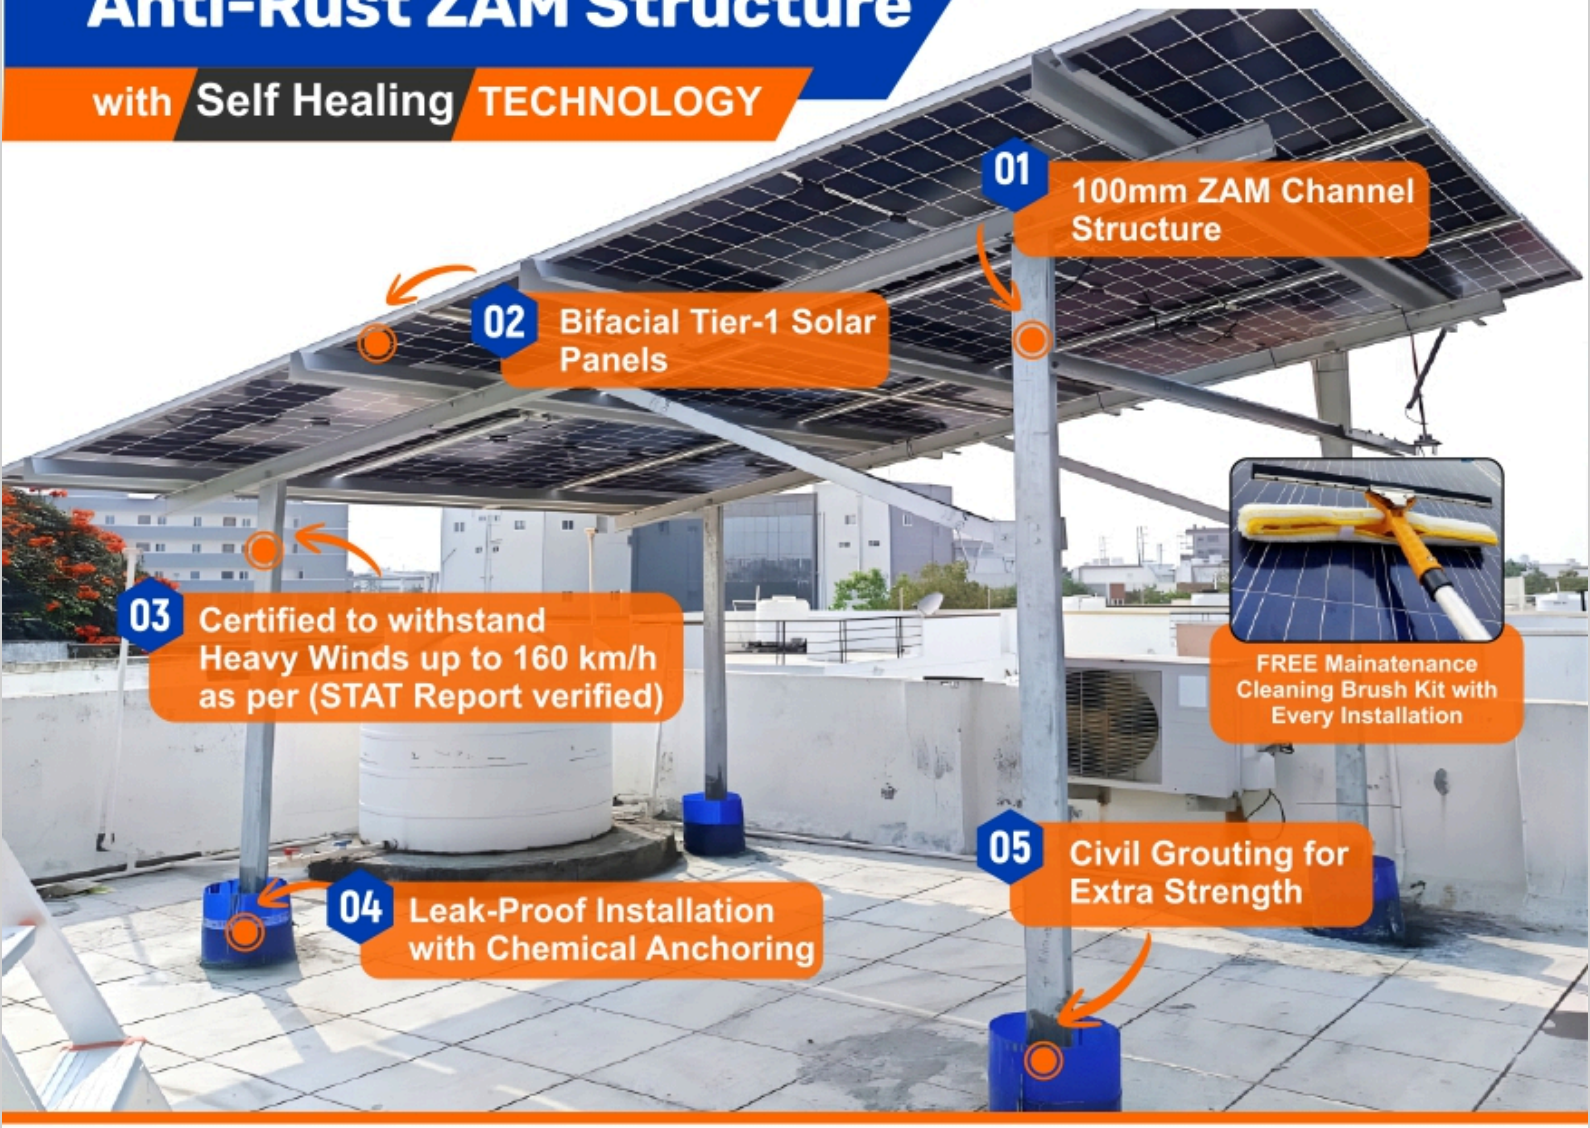

Solar for everyone: Hassle-free, Affordable, Accessible

OUR SERVICES

- Residential Solar
- Commercial Solar
- Battery Storage
- O & M Services

Anti-Rust ZAM Structure

with Self Healing TECHNOLOGY

- **Residential :** Claim up to ₹78,000/-via PM Surya Ghar.
- **Apartments/GHS :** Claim ₹18,000/-per KW(up to 500KW)
- **Commercial :** Enjoy 30%-40% Annual Returns on Investment.

Keep Your Power As Solar

Kypas Solar offering

ALMM
(Approved List Of Models & Manufacturers) Brands

HJT (Heterojunction Technology)
Topcon BIFACIAL Solar Panels

TATA POWER SOLAROOF
adani Solar
Eastman ENERGY. UNLIMITED.
WAAREE One with the Sun
Premier Energies

Transition to a Brighter Tomorrow

SMBB TECHNOLOGY
Better light trapping and current collection to improve module power output and reliability

PID Resistance
Excellent Anti-PID performance guarantee via optimized mass-production process and materials control

Higher Power Output
Module power increases 5-25% generally, bringing significantly lower LCOE and higher IRR

Auto Bussing & Soldering Technology
Induction based Improved soldering quality without pollution to module

Enhanced Mechanical Load
Certified to withstand wind lead (2400 Pascal) and snow load (5400 Pascal)

High Performance Guarantee!

30 YEARS
LINEAR POWER OUTPUT WARRANTY

12 YEARS
PRODUCT WARRANTY

Suitable for

RESIDENTIAL
UTILITY
COMMERCIAL
OFF-GRID

Plant performance guarantee	Applicable

Terms and conditions

1. Please note that additional charges may apply for changes to your electricity bill, such as load, name, or phase adjustments.
2. To process your application, please provide all necessary documents, including PAN card, Aadhaar card, and electricity bill.
3. Customers opting for financing may need to submit extra documents.
4. Delays due to missing or incomplete documents are not Kypa Solar's responsibility.
5. Solar generation calculated based on location-specific deemed generation for GHI

KYPAS Solar : Assured Energy Savings

KYPAS SOLAR
Keep Your Power As Solar

Our Promise:

We guarantee the performance of your solar system.
If it doesn't meet the expected energy output, we'll compensate you.

How it Works: Example of a 3kw

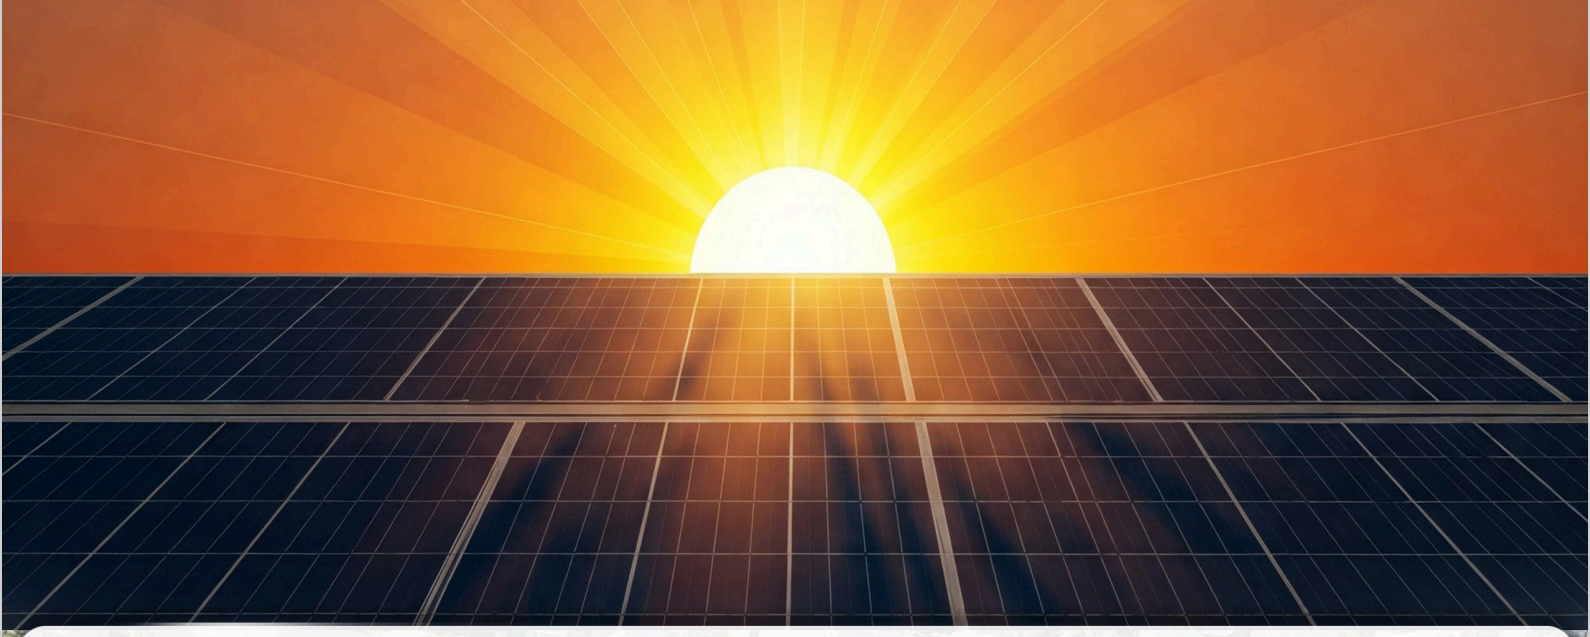

- **Year 1 Guarantee:** 4200 units of energy
- **Years 2-5 Guarantee:** 16800 units of energy per year
- **Compensation:** ₹8 for each unit of energy your system falls short.

Examples:

- If your system produces only 3000 units in Year 1, we'll pay you ₹9600.
- If your system produces 16300 units in a year between 2 and 5, we'll pay you ₹4000.

Guarantee Details:

1. The final energy generation target is set after a thorough site assessment and your approval.
2. "Lost units" are calculated as the difference between the guaranteed and actual output, excluding losses beyond our control.
3. Extra energy produced in Year 1 is credited to the following year. The inverter's readings are the official measure of energy produced.
4. We're not responsible for losses due to grid outages, Wi-Fi problems, site changes, weather events, or lack of maintenance.
5. You must provide Wi-Fi access to the inverter.
6. The guarantee starts after a 30-day system setup period.
